### TERMS OF SALE

1. Costly back ordering means time lost in starting crops. Rather than keep you waiting for items that are delayed or are scarce, we will substitute with varieties equally good or better unless you say "No Substitute."
2. No complaints entertained after five days from receipt of merchandise.
3. All orders are accepted subject to cancellation in case of crop failure and other conditions beyond our control.
4. We supply 250 at the 1000 rate of each variety.
5. This price list cancels our previous lists and quotations. No orders, please, for less than \$5.00.
6. All prices subject to change without notice.
7. Terms—Customers not having an established account with us, please send remittance with order. 50% in advance on all C.O.D. shipments.
8. All stock travels at risk of purchaser. This stock is carefully packed and we hold "good order" receipt from the Transportation Co. for same. There our responsibility ceases. If the stock reaches you in bad condition accept it "in bad order," notify agent and bring claim against the Delivering Co. for damage caused by their negligence, as no allowance for this cause can or will be made by us.
9. The Nurserymen's Exchange gives no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out; they will be in no way responsible for the crop.

\*New Varieties—Introductions of 1948.

**BROCADE**—A lively cameo pink daisy that blooms naturally November 15. The response of Brocade to shading is similar to that of Masterpiece.

**CAROLINE YOSICK** — A small, decorative, lavender pink pompon that flowers naturally October 20. Caroline Yosick gives a sharp and uniform response to black cloth shade.

**DARK PINK ORCHID QUEEN**—A mauve pink sport from Orchid Queen. The importance of its value over its parent for early shading has been proved by extensive tests.

**GOLD COAST**—A small deep lemon yellow pompon, blooming normally October 20. It lends itself ideally to early shading. The flower is small and firm—the color intense.

## Fertilizer

Hyponex is a clean, odorless, soluble powder which, with water, is a complete plant food. It grows bigger and better plants in poorest soil, even in sand, cinders or water—indoors or outdoors. Assures larger and more flowers, increased quantities of vegetables, and more prolific growth for grass, plants, bushes and trees. 1 lb. makes 100 gallons; 1 oz. makes 6 gallons; 1 teaspoon makes 1 gallon.

Ideal for Orchids, Lawns and all Plants

## Pig Tails

**Pigtail Plexon Wire**—This is a pliable, plastic covered wire which combines the qualities of plastic and wire. It is easily bent or twisted and will hold its shape indefinitely. It is most useful in making floral arrangements and corsages. In addition to holding the flowers in place, it is also decorative and can be bent or curved into delicate patterns of ornamental value in contrast to uncovered wire, which requires a finish of colored foil or ribbon. The present range of 15 colors includes many chosen to match or complement the natural flower and leaf tones.

Plexon Pigtail is sold by the spool of 250 yards. It is .045 inches in diameter, 15 colors are now available, including gold and silver.

\$2.80 per spool—\$27.00 per 10 spools

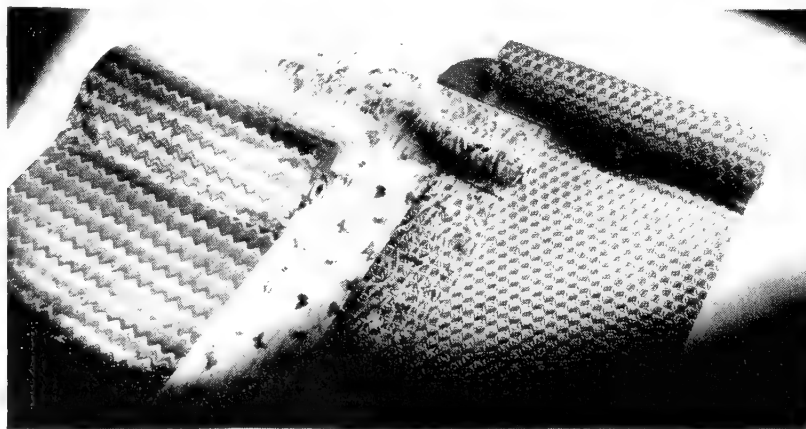

## Redwood Burls
